Prior art documents discussed:

**Part II.**

SUBSTANCE OF INTERVIEW DESCRIBING THE GENERAL NATURE OF WHAT WAS DISCUSSED:

See Continuation Sheet

**Part III.**

- It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview directly resulted in the allowance of the application. The examiner will provide a written summary of the substance of the interview in the Notice of Allowability.  
 It is not necessary for applicant to provide a separate record of the substance of the interview, since the interview did not result in resolution of all issues. A brief summary by the examiner appears in Part II above.

(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: Discussion was had with Ms. Bouchez as to the language of claims 1, 3, 9, and 10. Ms. Bouchez gave authorization on September 11, 2009 to execute an examiner's amendment as follows: claims 1 and 9-add the specific weight percentages for the composition components, as supported in the specification, claim 3- delete the Trademark name and insert the chemical structure, and claim 10 delete "agrochemical formulations" and insert "an effective amount of an agrochemical formulation". Authorization was also given to insert the chemical structure on page 3, line 7 after Synperonic T/304 in the Specification.
